## Mary Morris

Associate Consultant  
mary.morris@liw3.com

Driven to making a difference in the way businesses value their human capital, Mary understands the importance of innovative, results orientated services in today's challenging business environment.

Mary is an exciting and motivating facilitator and coach in the field of human resource performance development. She is an excellent communicator across all business levels drawing from an enviable background in human resources across a number of industries and management roles, which provides her with the knowledge to apply best practice in all her projects.

Mary facilitates practices which enable individuals and organisations to deepen their learning, strengthen relationships and appreciate diverse perspectives. Her ability to engage and empower employees to adopt new behaviours and implement change is apparent in all her projects, while her energy and techniques inspire new ideas and act as a catalyst for business excellence.

Mary took on the exciting challenge in 2000 as the Human Resource Manager for the Sydney Olympic Games for Eurest, one of the master caterers for the Games with 9 venues plus the two broadcast centres. Establishing a team quickly to deliver on games deadlines taught Mary key leadership qualities of being a good communicator, accountability, delegation and empowerment and inspiring others to deliver one of the most amazing games in history. Mary now takes those learning along with her knowledge gained from 20+ years in HR and consulting roles to support organisations to achieve excellence.
